**Calculating the GPA:** The formula Northwest Christian School uses to calculate the cumulative GPA is based on equating percentages with a quality point. The quality points used by NCS are:

<u>Grading Scale</u>	<u>Quality Points</u>	<u>Grading Scale</u>	<u>Quality Points</u>
98 – 100	4.33 (prior to class of 2019)	77 – 79	2.33
93 – 97	4.00 (prior to class of 2019)	73 – 76	2.00
93-100	4.00	70 – 72	1.67
90 – 92	3.67	67 – 69	1.33
87 – 89	3.33	63 – 66	1.00
83 – 86	3.00	60 – 62	0.67
80 – 82	2.67	0 – 59	0.00

\*The graduating class of 2019 and beyond will only go up to 4.0 (5.0 for honors). A= 93-100 worth 4.0 points, everything else remains the same. To calculate the GPA, the semester grade for each class is equated to one of the above quality points. The additional quality point for a 5.33 class (5.0 for 2019 and beyond) is added after all quality points have been totaled. The total quality points are divided by the number of classes that have been taken for credit. The final result is the GPA (grade point average). At the end of each semester, the GPA is recalculated for the cumulative grade point average.
