

Parent Service Cru Volunteer Handbook

Why Volunteer?

Make a difference!
Enhance, Enrich, Encourage a child!
Every day,
Every moment!

Dear Volunteer,

Time. Talent. Treasure. In scripture, these are the three things that we see the Lord call on us as Christ-followers to surrender so that we see His kingdom purposes accomplished. By choosing to volunteer, you are, in fact, choosing to surrender all three of these in a form. Volunteering takes *time* and many of you will invest hours and hours at NCS. Volunteering will call upon you to invest your God-given *talents* in our classrooms, on our playing fields, and in many other forums. And, finally, volunteering takes many of you away sacrificially from the jobs and vocations (your *treasure*) where you can otherwise earn a wage.

I want you to know that we understand the investment and the sacrifice that you are making when you volunteer. Further, we want you to know that when you choose to volunteer, we really do take the responsibility of stewarding your generous gift seriously. To that end, to honor your commitment, our volunteer program, the *Parent Service Cru*, is not a half-hearted, poorly considered program. Rather, we have worked strategically to be certain we are using your time, talent, and treasure well.

Training our volunteers and preparing them for a proper context for ministry on our campus is an extension of that commitment. For that reason, thank you for taking the time to closely review the standards and expectations put forward within this *Parent Service Cru volunteer handbook* and watching the accompanying video. These resources will set you up for success. As well, we hope that you will also see the vital role that volunteers play in this community.

Again, thank you for your service to our students.

Sincerely,

Geoff Brown
Superintendent
Northwest Christian School

Volunteer Services

NCS volunteers represent many facets of our community. These include our parents, grandparents, legal guardians, other student relatives, leaders from the community and area businesses, pastors within the local church, foster parents, and many others.

There are a variety of ways volunteers can support student achievement in NCS and extend the impact of our ministry. For example, volunteers can work directly with students in classrooms, assist teachers with their behind-the-scenes responsibilities, assist with clerical duties, serve in the school library, and share their unique talents and skills with students.

The quest towards volunteering starts by registering on our school's web page. At that point, our Director of Human Resources will provide the means of orientation and training. Once that is complete, the HR Director may assign the volunteer to principals, teachers, coaches, or staff based on the school's needs and your abilities and interests.

All persons who volunteer at NCS must be registered as volunteers and sign in and sign out each time they volunteer on campus.

Through the registration process, you are giving us the opportunity to keep you apprised of volunteer opportunities, give you proper thanks during school events, and keep you aware of pertinent issues, policies and guidelines.

In the following pages, you will find more information about the responsibilities of volunteers, procedures for registering as a volunteer, and volunteer guidelines.

The Five Most Important Volunteer Qualities

Christian worldview

The stated mission of Northwest Christian School is to “provide a Bible-based program of education that enables students to develop a Christian worldview.” To accomplish this inspiring mission, we recognize that every single member of our team--volunteer or otherwise--is mission critical and has a role to play.

Professionalism

Although the job is voluntary, the commitment is professional. Besides being responsible for maintaining an attitude of mutual respect and confidence, you should also become familiar with school and classroom policies and practices.

Dependability

Students, teachers and staff members count on you and rely on the services performed by you as a volunteer. It is essential that you contact the school if you are unable to volunteer on your scheduled day so that other arrangements can be made.

Confidentiality

FERPA, The Federal Education Right to Privacy Act, a Federal law that protects the privacy of student education records and information. Volunteers must protect the teachers’ and students’ right to privacy. You may encounter personal and school information while volunteering; you are not to disclose this information outside of the school setting. If student problems arise, it is appropriate to discuss them with the teacher in that particular classroom. Any other problems may be directed to a teacher, HR Director and/or the principal.

Punctuality

Always arrive on time for any volunteer activity. The school day and class periods are set for specific times. If you are late, the activity may be over when you arrive and/or your arrival may be disruptive.

Volunteer Guidelines

We truly appreciate the services provided by our volunteers. As an independent private school, there are certain guidelines we must all follow to ensure that the school upholds the high standards of scholastic and behavioral excellence and continues to furnish an instructional Bible-based Christian faith. Our greatest honor is to enable students to develop a Christian worldview and prepare them to fulfill their God-ordained roles. In order to accomplish this, there are a few baseline understandings:

- If you are asked to do something that makes you feel uncomfortable or for which you feel unprepared, please see the principal or appropriate staff member for guidance.
- NCS administration has the discretion to dismiss a volunteer whose actions do not support the school's mission and/or statement of faith.
- A volunteer is never considered a substitute for a member of the school staff.

The following are guidelines that are meant for the protection of students, staff, and volunteers:

Supervision – School volunteers who are working with students should always work under the direct supervision of the appropriate staff member and only with those teachers and/or staff members to whom the volunteer is assigned. “Direct Supervision” means under the direction of and, except for brief periods of time during a school day or a school activity, within sight of an employee. School volunteers who are not working with students should always work under the general supervision of the appropriate staff member and only with those teachers and/or staff members to whom the volunteer is assigned.

Student Instruction – Volunteers are an important part of the educational process. The suggestions and opinions of volunteers are welcome. However, the staff are responsible, by law, for the decisions that are made regarding the instruction of students and the management of the school. Consequently, volunteers should not provide the curriculum or teaching plan, take charge of the classroom, diagnose student needs, evaluate achievement, or counsel students.

Restrooms – Volunteers are not permitted to use student restrooms. There are two restrooms available to volunteers: the staff restroom in the library and the public restroom in the gym foyer.

Discipline – Students may occasionally have a behavior problem while working with a volunteer. NCS maintains detailed discipline plans and the responsibility for discipline rests with the school's principal, teachers, and staff. Please report any discipline issues to these individuals for them to handle. Volunteers may provide encouragement meant towards redirecting student behaviors but may not impose punitive consequences directly.

Dismissal of Students– Students leaving school must have permission from the school and must follow established school procedures. Students must be dismissed from school by appropriate staff. Volunteers must work with students only during regular school hours at the location designated by the supervising staff member. Volunteers cannot take a student off campus and cannot drive students in their vehicles except, of course, if the student is the volunteer's child, or if the volunteer has been authorized to provide such transportation (e.g. field trips, service projects).

Student Contact – Volunteers should not telephone students or visit them off campus. If you are interested in working with students off campus and outside of school hours, we encourage you to contact local organizations that arrange these types of situations. Volunteers are not to ask for telephone numbers of students nor to give their numbers to students for the purpose of phoning or texting.

Dress and Behavior – We ask that your dress apparel, and actions, do not detract from the educational process. As a role model to students, we ask that you help us set an appropriate example. Specifically, this means that volunteers must dress professionally and modestly. As a volunteer, you will need to consider the issue of professional and modest dress not from your own perspective but from the perspective of the students and families that you will be serving.

Social media - Because, in a form, school volunteers represent the school, it is reasonable for the school to ask volunteers to represent themselves and the school within their social media in a way that would honor Christ and not compromise testimonies. As well, volunteers cannot include pictures of school students other than their own children within their social media.

Confidentiality – We ask that you respect the confidentiality of information that students or staff share with you. If a student shares problems or family matters with you and you feel it is important for the school to know this information in order to assist the student, please share the information with the principal or teacher. Please be aware that certain laws, through FERPA, prevent you from having access to specific types of student information.

Identification – Please receive and wear the school’s volunteer badge and/or Volunteer T Shirt at all times while on campus, so students and staff know who you are and why you are on campus. The badge should be returned at the end of the day. Parent Service Cru volunteers will receive a complimentary t-shirt. We would ask that you wear this while volunteering so that faculty, staff, students, and other parents know that you have successfully completed the volunteer vetting process.

Health – If you are sick, please let the appropriate staff member know that you will not be coming in, and he or she will make alternative arrangements.

Sign In and Out – Please sign in and out of the school office as you come and go from the school. This allows the school to manage the number of individuals on the campus at any one time.

School Rules – A Parent/Student Handbook is available in the office and online for your use. Please refer to it if you have any questions.

Commitment – Before you agree to volunteer, please consider your commitment. Whether you will be working in the office, classroom, or playground, the work you do is important. Please be prompt and consistent. In those instances where you cannot fulfill your commitment, please contact the school office, 602-978-5134 or email the office or classroom teacher.

Field Trips – All individuals who volunteer on field trips must comply with the Volunteer Handbook.

- ❑ Supervision – Some field trips require group activities in which volunteers supervise a group of students. It is preferred that either an NCS employee directly supervises the volunteer(s) or that two or more volunteers supervise a group of students. However, NCS recognizes that there may be instances in which there are limited employees and volunteers. If this is the case, the NCS employee should develop check points for the volunteers and a process for obtaining student counts throughout the field trip. The NCS employee arranging the field trip must consult with the school principal regarding the plan of supervision during the field trip.
- ❑ Groups – At no time should a volunteer supervise only one child unless the volunteer is a parent or legal guardian of the student. A group of students should consist of two or more students.
- ❑ Overnight Field Trips – The school principal must develop a plan to ensure proper supervision of students during overnight field trips. The plan must be submitted and approved by the Principal prior to the overnight field trip. A background check must be done and approved for all volunteers assigned to overnight trips.

Volunteer Benefits

As a volunteer, you will not receive compensation from NCS for your services. If you are injured while engaging in volunteer activities approved by the school or department you are working with, you may be eligible to receive coverage in accordance with the provisions of the NCS Volunteer Accident Policy as a supplement to your own personal insurance coverage. If injured while performing your volunteer assignment, please contact the Human Resources office immediately.

Some of your out-of-pocket expenses incurred while volunteering may be able to be deducted from your income tax. Please consult with your tax advisor.
